

Scenario: taking a bath

Events:

Script event	Webanno label	Example
1. take clean clothes	take_clean_clothes	I went to my room and got _{take_clean_clothes} some clean clothes.
2. prepare washcloth, towel, soap, in-bath entertainment (book, music, candles etc)	prepare_bath	I got _{prepare_bath} everything ready that I would need - my towel, my bath beads, a book and a candle.
3. enter the bathroom	enter_bathroom	I went _{enter_bathroom} to the bathroom and turned on the faucet in the bathtub.
4. turn water on	turn_water_on	I went to the bathroom and turned on _{turn_water_on} the faucet in the bathtub.
5. check the temperature	check_temp	I checked _{check_temp} the temperature after a couple of seconds to make sure it was just right.
6. close the drain in the bathtub	close_drain	Then I plugged _{close_drain} the drain to allow the water to fill the tub.
7. wait	wait	While waiting _{wait} for the tub to fill up, I undressed and closed the bathroom door.
8. turn water off	turn_water_off	About 5 minutes later, the tub was filled up and I shut off _{turn_water_off} the water.
9. put some bubble bath/scents	put_bubble_bath_scent	I dropped _{put_bubble_bath_scent} a little bit of the bubble bath in the water to create a gentle lather.
10. undress/remove dirty clothes	undress	While waiting for the tub to fill up, I undressed _{undress} and closed the bathroom door.
11. sink into the water	sink_water	I sank _{sink_water} under the water and was surrounded by foamy bubbles.
12. relax	relax	I leaned my head back against the edge of the tub and relaxed _{relax} in the warm water.
13. apply soap to the washcloth	apply_soap	After some time luxuriating in the water, I took my washcloth and put _{apply_soap} some soap on it.
14. wash yourself	wash	I washed _{wash} my entire body from the head down.
15. open the drain	open_drain	Once I was cleaned off, I opened _{open_drain} the drain and finished up by washing my hair under the shower.

16. get out of the bath	get_out_bath	I got out _{get_out_bath} and grabbed a towel to dry myself.
17. get a towel (after the bath)	get_towel	I got out and grabbed _{get_towel} a towel to dry myself.
18. dry yourself	dry	I got out and grabbed a towel to dry _{dry} myself.
19. get dressed	get_dressed	Then I get dressed _{get_dressed} and put on some after shower cologne.
20. leave the bathroom	leave	I exited _{leave} the bathroom but left the door open to remove the steam.
